**OPSENS – EARNS OPSENS A SPOT ON THE 2013 PROFIT 500 LIST**

*PROFIT Magazine unveils 25<sup>th</sup> annual list of Canada's Fastest-Growing Companies*

**Quebec City, Quebec, June 3, 2013** – PROFIT Magazine today released its 25<sup>th</sup> annual PROFIT 500, the definitive ranking of Canada's Fastest-Growing Companies, ranking Opsens Inc. ("Opsens") (TSX-V:OPS) 71<sup>st</sup>. Published in the Summer issue of PROFIT Magazine and online at PROFITguide.com, the PROFIT 500 list ranks Canadian businesses by their revenue growth over five years.

"To celebrate the 25<sup>th</sup> anniversary of the Fastest-Growing Companies in Canada, the PROFIT 500 has expanded to recognize the entrepreneurial achievements of more than 500 Canadian companies," says Ian Portsmouth, Editor-in-Chief of PROFIT magazine. "PROFIT is proud to now showcase Canada's Forward-thinking small business entrepreneurs and honour their talents and innovations."

"Opsens is proud to be on the PROFIT 500 ranking for the first time," says CEO Louis Laflamme. "This achievement reflects the strength of our positioning in high-growth markets and the dedication of our team. Opsens has been capitalizing on the growing need to measure pressure and temperature in two critical markets, the measurement of pressure and temperature in oil and gas, particularly SAGD projects, and the measurement of Fractional Flow Reserve, commonly known as FFR in medical instrumentation. Already a key player in Canada's oil and gas market, Opsens is working on the release of its first FFR devices planned for 2014 to tap into this fast-growing market".

**About Opsens Inc. ([www.opsens.com](http://www.opsens.com))**

Opsens is a leading developer, manufacturer, supplier and installer of a wide range of fiber optic solutions based on proprietary patented technologies for the measurement of pressure, temperature and other parameters. The qualities of our sensors allow us to offer measuring instruments that are effective and durable in extreme conditions. Opsens is using its competitive advantages to focus primarily on two strong growth markets: oil and gas and FFR medical instrumentation.

**About PROFIT Magazine and PROFITguide.com ([PROFITguide.com](http://PROFITguide.com))**
