OPSENS ANNOUNCES THE RESIGNATION OF A DIRECTOR

Quebec City, Quebec, September 16, 2015 – Opsens Inc. ("Opsens" or the "Company") (TSXV:OPS) (OTCQX:OPSSF) announces the resignation of Lucien Goffart. As part of the progression of his career, Mr. Goffart is now involved in projects that are incompatible with his Director's responsibilities at Opsens.

"On behalf of Opsens' team, I thank him for the quality of his advice in the development and execution of our business strategy for our products for the measurement of Fractional Flow Reserve. We wish him the best of luck in his new career," said Louis Laflamme, President and CEO of Opsens.

About Opsens Inc. (www.opsens.com or www.opsensmedical.com)

Opsens focuses mainly on the measure of Fractional Flow Reserve ("FFR") in interventional cardiology. Opsens offers an advanced optical-based pressure guidewire (OptoWire) that aims at improving the clinical outcome of patients with coronary artery disease. Opsens is also involved in industrial activities. The Company develops, manufactures and installs innovative fibre optic sensing solutions for critical applications such as the monitoring of oil wells and other demanding industrial applications.

Forward-looking statements contained in this press release involve known and unknown risks, uncertainties and other factors that may cause actual results, performance and achievements of Opsens to be materially different from any future results, performance or achievements expressed or implied by the said forward-looking statements.

Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.
