

**OPSENS RECOGNIZED AS ONE OF THE FASTEST-GROWING COMPANIES IN NORTH AMERICA**

**ON DELOITTE'S 2020 TECHNOLOGY FAST 500™**

**Quebec City, Quebec, November 18, 2020 – OpSens Inc. ("OpSens" or the "Company") (TSX:OPS) (OTCQX:OPSSF)**, a medical device cardiology-focused company commercializing a second-generation fiber optic pressure guidewire to diagnose and treat coronary disease, has been recognized in Deloitte's 2020 Technology Fast 500™, a ranking of the 500 fastest-growing technology, media, telecommunications, life sciences and energy tech companies in North America.

"We're honored to be recognized by Deloitte as one of the fastest growing technology companies in North America," said Louis Laflamme, President and CEO of OpSens. "OpSens' mission is to contribute to health through its unique expertise in innovative medical products. This accolade is a testament to our dedication to providing products that aim to improve the clinical outcomes of patients," Laflamme concluded.

"For more than 25 years, we've been honoring companies that define the cutting edge and this year's Technology Fast 500 list is proof positive that technology — from software and digital media platforms, to biotech — truly does permeate so many facets of our lives," said Paul Silverglate, vice chairman, Deloitte LLP and U.S. technology sector leader. "We congratulate this year's winners, especially during a time when innovation is needed more than ever to address the monumental challenges posed by the pandemic."

**About Deloitte's 2020 Technology Fast 500™**

Now in its 26th year, Deloitte's Technology Fast 500 provides a ranking of the fastest-growing technology, media, telecommunications, life sciences and energy tech companies — both public and private — in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2016 to 2019.

To be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least \$US50,000, and current-year operating revenues of at least \$US5 million. Additionally, companies must be in business for a minimum of four years and be headquartered within North America.

**About OpSens Inc. ([www.OpSens.com](http://www.OpSens.com) or [www.OpSensmedical.com](http://www.OpSensmedical.com))**

OpSens focuses mainly on coronary physiology products in interventional cardiology. OpSens offers an advanced optical-based pressure guidewire that aims at improving the clinical outcome of patients with coronary artery disease. Its flagship product, the OptoWire, is a second-generation fiber optic pressure guidewire designed to provide the lowest drift in the industry and excellent lesions access. The OptoWire has been used in the diagnosis and treatment of over 100,000 patients in more than 30 countries. It is approved for sale in the United States, European Union, Japan, and Canada.

OpSens is also involved in industrial activities in developing, manufacturing, and installing innovative fiber optic sensing solutions for critical applications.

**About Deloitte**

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee ("DTTL"), its network of member firms, and their related entities. DTTL and each of its member firms are legally separate and independent entities. DTTL (also referred to as "Deloitte Global") does not provide services to clients. In the United States, Deloitte refers to one or more of the US member firms of DTTL, their related entities that operate using the "Deloitte" name in the United States and their respective affiliates. Certain services may not be available to attest clients under the rules and regulations of public accounting. Please see [www.deloitte.com/about](http://www.deloitte.com/about) to learn more about our global network of member firms.
